Zurich

University of
Zurich^{UZH}

Welcome

Dear colleagues and friends,

It is our great pleasure to invite you to our third international scientific symposium at the Institute for Complementary and Integrative Medicine.

Expectations are important aspects of the Placebo and Nocebo effect and a relevant part of routine medical care.

At the International Symposium **“The Impact of Expectation in Health Care”** speakers from Europe and the United States will present recent research results and highlight the implications for clinical care.

We very much look forward seeing you!

Claudia Witt, MD, MBA
Director

Program

Moderation: Claudia Witt, MD, MBA

- | | |
|----------------|--|
| 14.00 h | Opening Remarks
Jean-Marc Fritschy, PhD (Switzerland) |
| 14.15 h | Expectations and placebo and healing response
Paul Dieppe, MD (UK) |
| 14.45 h | Impact of short-term meditation and expectation on executive brain functions
Peter Krummenacher, PhD (Switzerland) |
| 15.15 h | Relevance of expectations, preferences and optimism for treatment outcome
Jürgen Barth, PhD (Switzerland) |
| 15.45 h | Coffee break |
| 16.15 h | Towards “objective” measurements of human-human interaction and expectation?
Jan van der Greef, PhD (Netherlands) |
| 16.45 h | Patients’ expectations about cancer screening: using a portal to assess preferences and communicate with the doctor
Steven Woolf, MD (USA) |
| 17.15 h | Featured Discussion |
| 17.45 h | Closing Remarks |
